Toronto, Ontario

## SHELLEY ZIEROTH

MD, FCCS, FHFSA (hon), FESC, FACC, FHFA,  
FRCP

Cardiologist, St. Boniface Hospital  
Professor, University of Manitoba  
Immediate Past President, Canadian Heart Failure Society  
Winnipeg, Manitoba

CKD and CVD share common risk factors and pathogenic mechanisms. Join our multidisciplinary panel to review CV and HF outcomes in patients with CKD and T2D, assess the importance of UACR as a risk factor for CV events, and evaluate novel data in patients with CKD and T2D.

### Learning Objectives:

- Review CV outcomes in patients with CKD and T2D
- Examine the importance of UACR as a risk factor for CV events
- Assess HF outcomes in patients with CKD and T2D
- Evaluate new data in CKD and T2D

This Corridor Consult is available **LIVE** for the **VIRTUAL** audience and **ON-DEMAND** for all delegates after the congress
